

WATCH OUT – THERE MIGHT BE TICKS ABOUT!

TICKS ARE TINY AND CAN BE HARD TO SEE.
THEY LIKE BITING ANIMALS AND YOU AND ME.

TICKS CAN'T JUMP AND THEY CAN'T FLY,
SO THEY HIDE IN LONG GRASS UNTIL SOMEONE WALKS BY.

TICKS ARE TINY AND YOU WON'T FEEL THEM BITE,
IF THEY FIND JUICY SKIN THEY'LL HOLD ON TIGHT!

SO WEAR LONG TROUSERS AND KEEP TO THE PATH
AND CHECK FOR TICKS WHEN YOU'RE IN THE BATH.

TICKS BITE ARMS, LEGS AND EVEN NECKS AND FACES,
SO CHECK ALL OVER – ESPECIALLY WARM PLACES.

GO OUT, HAVE FUN – RUN, JUMP AND PLAY
BUT FIND A TICK ON YOU? TELL GROWNUPS STRAIGHT
AWAY!

DON'T LET TICKS MAKE YOU SICK!
